

## Our Approach

At St. John's Jesuit we recognize that families have many financial demands and tuition is one piece of the puzzle. Elderly parents, multi-children families, health issues. The list could continue. Tuition assistance may be a short term need or part of long-term enrollment at SJJ. Whatever the situation, we view the opportunity to help families who truly want a Catholic Jesuit education for their son but can't fully cover the cost as a conversation worth having.
